INSTRUCTIONS

If you would like to create your own custom font, simply complete our Font Template shown below.

STEPS TO A NEW CUSTOM FONT

1. Make sure that you scan it in to your computer in color and in at least 300 dpi (high resolution).
2. Once completed, send it with your list and we'll create your custom font and, if you wish, we'll use it in production of your order.

We will either deliver the new font file to you as soon as it's done or upon completion along with your mailing order confirmation.

A one-time \$50 Font Creation fee will be charged for this service.
